Public council meetings reduced to three a month

Mayor Dick Plain gave a rationale Monday afternoon for St. Albert's decision late last month to hold three public council meetings instead of the usual four on Mondays each month.

St. Albert has shifted its Wednesday night administration meeting to one Monday night a month and this will continue to be held in camera. That means no public or press will be at the Monday evening administrative meetings.

The committee of the whole will meet every second Monday and regular council meetings will be held each first and third Monday.

The fourth Monday of each month will be slated for the administration meeting and the fifth Monday night will remain open.

Mayor Plain said that administrative meetings will be fairly restrictive in "terms of what we look at," such as claims for non-performance of contracts by particular companies.

The mayor emphasized that council had to have reports on such items. So the administrative meetings will deal with internal affairs, the mayor continued, such as personnel, company or corporate activities, managing quasi-legal or other matters.

He added that if there was not enough on the agenda for administrative meetings then

Charles Norm, left, representing New Horizons, a federal program which provides funds for furnishing and equipment at St. Albert Senior Citizens Centre, is showing the camera a good hand of bridge. He is playing with Louise Billo, president of Morinville's Rendez-Vous Club; Paul Montpetit, president of Legal's Sixty Roses Club and Alice Kemp, president of St. Albert Senior Citizens Centre. They were playing with a roomful of "seniors" at the Centre during last Thursday's Guest Day.

Catholic Board reviews Woodlands school sites

Trustees of the St. Albert Catholic School District No. 3 voted against joining the Yellowhead Regional Film Library on Monday, November 17. Trustee Peter Freeman made the motion against joining the library although he said that the board should again consider joining at a later date when government policy has been determined and when an evaluation of the library has been made by the Department of Education.

The board viewed a video

Petition started on Rec complex

Following a meeting at their home last week the Iddings had a petition prepared for a vote on the money bylaw of two million, eight hundred and fifty-five thousand dollars to be borrowed for a $5.3 million Recreation Complex on Highway 2, the former site of the Kinsmen Rodeo.

A group of canvassers started Monday evening and Mr. Iddings said they intend to call at every door in St. Albert.

Asked about the reasons behind the petition, Mr. Iddings said that the citizens should have a say in the siting of such a complex, and further "we feel there are better alternatives." He felt that a covered pool attached to a school would serve the town's needs well, and the town doesn't need a major olympic pool. He also said the people at the meeting thought that three or four arenas serving neighborhood areas, where parents can get out and watch their kids, and skate with them, would be more advantageous than a 2,000-seat arena.

The Shelley report on recreation, commissioned by the town some years ago also took the approach that neighborhood facilities, expanding with the town as required, would best serve the residents, it was observed.

Roger and Donna Iddings had 20 questions on the Rec Complex presented to council the week of November 10th, mainly concerned with direct and related costs of the complex and annual operating costs.

People wishing to sign the petition are asked to have the legal description of their property ready when the canvasser calls, and anyone interested in helping with the petition, or wanting further information may call the Iddings at 459-3747.

Combing sympathy and firmness with doggy problems

Former Montreal, Toronto and Kingston city bus driver Ross Tupling is a much more relaxed man these days, although he has a job which many people might not relish.

Fifteen years a bus driver in the traffic maelstroms down East, Ross finally decided that he'd had enough of the tight stomach, and came out West about two years ago to look for a new life.

Since then he has had the job of animal control officer for the Town of St. Albert and drives from the city each day to the animal shelter and office down on Riel Drive.

Very much his own boss, Mr. Tupling feels that he's helped to get the dog and cat problem in St. Albert under control and one way to keep it under control is to let the public know about St. Albert's regulations as far as keeping pets is concerned.

While Mr. Tupling is glad to have got away from the nerve-racking driving of people-packed buses down east, as well as the terrible winter driving conditions, there are a few problems he has to face in his job as town animal control officer.

Coming between people and their pets is always a touchy issue and Mr. Tupling says that he's already had three people threaten him with their fists and even once got a threat over the phone that someone was going to shoot him.

But Mr. Tupling is determined to enforce the town's animal control bylaw and with a lot of humanity and sympathy towards the animals. He sometimes has to destroy them if they are unclaimed for any length of time, or if he can't find a home for them.

ST. ALBERT ANIMAL control officer Ross Tupling at work in the dog pound on Riel Drive.

Caught red - handed

St. Albert RCMP caught a 21 year old man immediately after he had broken into Premier Esso on the night of November 23.

He was caught red handed at 10 p.m., before he had time to do any damage or steal cash or goods an RCMP spokesman said.

The culprit had forced his way into the building by the rear entrance. RCMP are not releasing the man's name but he is scheduled for a court appearance in the near future. Police said there was no obvious connection with this break-in and a break-in at the "Gazette" November 16th.

On that break-in RCMP said they had laid no charges as yet, and they were still checking out new leads.

And two young men received five year gaol sentences for raids on two St. Albert shops earlier this year.

St. Albert RCMP reported this week that two young men of no fixed abode got five years each following break-ins at Jack's Delicatessen and the Grandin Mall Flower Shop early this year.

RCMP in St. Albert got the news of this from an Edmonton court this week.

As a result of these break-ins, $693 was taken from the Delicatessen and $20 from the flowershop.

The two men charged with the break-ins were Randy Schatz, 19, and Randy Goettisch, 17.

St. Albert has limited mail service

With the countrywide postal strike now in its 35th day, the St. Albert post office has gone back to work handling local deliveries only this week.

The offices 15 letter carriers, four part time postal clerks and two part time postal clerks, as well as supervisory staff are all back on the job.

Wickets at the office opened Tuesday for the first time since the strike began.

Postmaster John Pawlowski emphasizes however that the mail service is only normal for St. Albert residents and there is still no service - in or out - beyond the town boundaries.

There has been no picketing at the St. Albert post office and no hassle from the postal union, Mr. Pawlowski added.

Local mail services began November 20 with the delivery of pension cheques.

doggy problems

Cont'd from Page 1

Mr. Tupling says that many people who move into St. Albert from Edmonton seem to be under the impression that their Edmonton dog licence and tag is good for St. Albert but this isn't the case.

When they move into St. Albert they have to get hooked up with water and electricity. On the form which St. Albert gives the new resident, it is very clearly pointed out that if they have a dog of three months and over, then they must get a licence for it. The one from the previous town or city is invalid.

And yet in spite of this, Mr. Tupling points out that 85 per cent of the dogs he picks up have no licence.

It costs $10.00 to get a license for each male or female dog and this is cut down to $5.00 if they are spayed or neutered.

If the animal is caught at large in St. Albert unattended by an owner then it costs $25.00 to get the unlicensed dog back from the pound plus a $5.00 pound fee. If the dog is licensed the total cost is $20.00.

Owners of dogs traced back to their homes can also be given a ticket with penalties of $10 - $15.00 depending on whether or not the dog is licensed. They have up to 14 days to pay the fine and if not they can get a court summons under the authority of the bylaw.

Under the bylaw the animal control officer has the power to destroy any animal after 48 hours if it is unlicensed and 72 hours if it is licensed.

But Mr. Tupling emphasizes that if the dog is a good one he has discretionary powers and in one case he kept a dog for up to three weeks before it was claimed by its owner.

"I try to give the owners every chance to pick up their dog," he says, adding that he knows there will be trouble if the bylaw is stuck to too rigidly.

SHOULD BE BYLAW FOR CATS

Mr. Tupling says there should be a bylaw for cats as well as dogs.

And many people agree with this point of view he says.

Cats are known to dig up garbage as well as urinate on residents' doors and the stink is terrible.

"Not only that," says Mr. Tupling, "I know of a cat that's bitten two children on Fairfax Crescent and last spring I had one on Flint Crescent that ripped a girl in the arm."

Mr. Tupling said that there were lots of wild cats (roamers) around St. Albert - they go wild after just two months on the loose - and many of these get caught in skunk traps in town ravines.

And as for dead cats, there was a time last summer when the animal control officer was picking up a dead one a day.

The stray cats seem to outdo the dogs for their ferocity. Mr. Tupling recalled a time when he took one stray out of its cage and it sprang to the phone, "and it was wild!" he exclaimed.

"That cat made a lunge for my face," he continued, "and I had to club it." Mr. Tupling, showing claw marks on his hand from a tangle with a cat, said that one way of getting rid of the cat problem in town would be to educate leaving residents to take their pet with them.

DESTROYING ANIMAL NEVER PLEASANT

Many people feel that it is inhumane to destroy pets and Mr. Tupling shares this view. He remembers after destroying one animal that he had to go for a beer, the act made him so sick.

He says that a group in the United States has started a service known as "Protect - a - Pet" and this has caught on in Canada.

Basically the dog is tattooed and this acts as insurance that the dog will not be destroyed while in the pound. The main problem is that sizes of pounds would have to increase to cope with such an approach.

And Mr. Tupling estimates there are at least 4,000 dogs in St. Albert.

When an animal has to be destroyed at the pound, it is done so humanely with an injection administered by a vet. This is probably more humane than the method which is used in Edmonton. There dogs and cats are thrown into a decompression chamber several at a time, where they asphyxiate under the extreme pressure, their lungs and other vital organs caving in.

It costs $10.00 a shot to call in the vet and Mr. Tupling is investigating the possibility of doing without a vet and giving animals which have to be destroyed a one c.c. shot of fluid which only costs 65 cents.

This drug kills the animal in a matter of seconds and is quite painless.

As far as Mr. Tupling is concerned, he has no grudge against the animals. Those in the pound last Friday morning obviously regarded him as a friend and this was especially the case with a large dog part malamute and part wolf. The problem is not with the animals but with the people who own them.

"Some figure St. Albert's a small town and their dogs should be able to run loose," he says as he points to his cowboy boots which he wears to save him from being bitten by smaller dogs when out on the beat.

So far this year, up till the end of October, 241 dogs and 60 cats have been picked up in St. Albert with 160 returned to their owners. Eighty-three dogs have had to be destroyed and 45 cats.

Infringements to St. Albert's dog bylaw have netted the town $5,151 so far this year.

If you have a dog and want to abide within the town's bylaw you can get a license at the pound, Robinson's Pet Shop at the Grandin Shoppers Mall, or the Town Hall.

council meetings

Cont'd from Page 1

this would give council time to work with other town board activities, such as Parks and Recreation, Social Services and the like.

But Mayor Plain pointed out that no business will be transacted by the town at the Monday night administration meetings.

FEDERAL CUT BACK ON POLICING FUNDS

While explaining the town's position on the change in meeting schedules, Mayor Plain expressed concern about a move by the Federal Government to cut back funds for RCMP policing in Western Canada.

Since St. Albert is policed solely by the RCMP and does not have any training facilities for its own police force, any cut-back in Federal funding for the RCMP force would be taken very seriously by St. Albert, the mayor said.

He stated that St. Albert would be sending a telegram to the Solicitor General on this problem and hoped that MP Marcel Lambert would raise the question in the House of Commons.

Mayor Plain pointed out that in view of a Federal Government decision earlier to exempt the RCMP from a budgeting cut-back, he finds that Government's turn-about "inexplicable."

If the Federal Government decision to cut back the RCMP budget is implemented, then St. Albert will have to make approaches to the Provincial Government on how it will bear the burden of maintaining an adequate police force, the mayor continued.

In other town business Mayor Plain said that the Abbey Glenn Shopping Centre agreement and progress on the Ball Park Estate will likely come up at the next meeting of St. Albert council December 1st.

****

Jimmie: "What's the best way to teach a girl to swim?"

Johnny: "Well take her gently down to the water, Put your arm around her waist, and —"

Jimmie: "Oh knock it off. It's my sister."

Johnny: "Oh well, push her off the dock."

****

A man who had been suffering from anemia met an old pal who asked him how he felt.

"Oh, I feel better," said the ailing one, "I found a new doctor and he has really loaded me up with iron pills and iron shots."

"So you're okay?" asked the friend.

"Yeah," was the reply, "as long as I face north."

****

Teacher: "Are onions good for you?"

Pupil: "Yes and no, they build you up physically, but tear you down socially!"

* * *

Len: "This is a nice place, but the landlord asks too much for the rent."

Al: "Really?"

Len: "Yes, last week he asked for it four times."

school proposals

Cont'd from Page 1

tape of the opening of the Vincent J. Maloney School which was produced by the St. Albert High TV Arts Class. The production included the ribbon cutting ceremony, speeches and interview with staff and students of the new school.

Secretary-treasurer Ted Baldwin familiarized the trustees with the proposed school sites in the Carma Developments subdivision known as Woodlands. Mr. Baldwin explained that although the size of the school sites were acceptable, the locations were unacceptable at this time and more information is required. Trustees and administrators require a map with elevations shown. Chairman Steve Sieben moved that a letter be sent to the Town of St. Albert outlining district concerns and the motion was carried. Woodlands covers the former Allarco subdivision and takes in about 950 acres to the northeast of Braeside, Forest Lawn. It will eventually accommodate about 15,000 people.

District 6 has not as yet gone into the school site contours, but has made known the District's view that an additional school site will be needed over those indicated in the first draft of Woodlands outline plan, which is in effect a working document.

Centre lively as Seniors welcome visitors

The Recreation Centre was almost packed to capacity on Thursday afternoon, November 20 when members of the clubs from Morinville and Legal were the guests of the club in St. Albert. Practically every table in the building was in use for whist - except, of course, the pool table!

Mr. Charles Norman, representing the federal government's New Horizons program, was also present and congratulated the club on the progress they had made since the opening of the centre.

The Grey Cup party was not as well attended as had been expected but those who were there enjoyed themselves. Mr. Emile Laplante had moved the television set from the reading area to the main room and the reception and colour were both excellent.

On Monday, November 24, a delegation from the club accompanied Mayor Plain to the Legislative Building where they presented Hon. William Yurko, the minister of Housing, with the petition for accommodation for senior citizens in St. Albert signed by approximately 1,700 residents as well as a number of letters from individuals which had not been mailed for obvious reasons. Mrs. Alice Kemps, president of the club, Mrs. Lily Szuba, Mrs. Dorothy Newman, Mrs. Rose Cuoma and Mr. Emile Laplante formed the delegation. Dr. Wm. Cuts and MLA Ernie Jamison were also in attendance.

Thursday, November 27, is the first of the club's "busy" Thursdays. Bowling is from 9:30 - 11:30 a.m., and bingo at the Centre begins at 1:30 p.m. The Centre will be open after the bowling and a light lunch will be available. So why not make a day of it?

Brownies, Guides ready for big day

Tawny Owl Bea Popoff, left, and Snowy Owl Dianne Betton, of 5th St. Albert Brownie Pack, are showing the Brownies techniques of wreath-making. Saturday, December 6 the Grandin Guides and Brownies bazaar and tea at the Community Hall will be selling Christmas items.

About 200 girls are busy preparing for their annual Christmas bazaar and tea. They are the Brownies (5 Packs) age 7 - 10 and Guides (3 Companies) age 11 - 14 from the Grandin Park Division and one Ranger unit.

Items for sale at the bazaar are craft articles made by the girls, since training in crafts is part of their program. The Brownies, Guides and Rangers keep whatever they make at their bazaar tables for their own unit activities.

Proceeds from the tea and bake sale go to the Local Association of the Grandin District.

The event will be held on Saturday, December 6 in the Community Hall, so if you are downtown and would like to be served a cup of tea by a pretty girl, or purchase a novel gift for somebody special, drop in at the hall for a pleasant break in your day. Hours are 11 a.m. - 2 p.m.

Road paving plans for next year

Road improvements with significance for residents of the Town of St. Albert, which have been approved for the 1976 provincial budget, have been announced by MLA Ernie Jamison.

Paving projects are approved for three thoroughfares, which would alleviate the problems of motorists travelling to Edmonton and back:

170th Street will be done from St. Albert to 137th Avenue. 137th Avenue will be paved from St. Albert Trail to 170th Street, and 156th Street will be done from 137th Avenue to 125th Avenue. The St. Albert MLA noted that the programs are now subject to new budgetary considerations.

Not approved but under consideration for 1976 is the paving of 170th Avenue, with connector roads to Edmonton, possibly 127th Street, 113A Street and 97th Street.

Mr. Jamison also noted that no changes whatever are anticipated in the Restricted Development Area as previously announced.

The man was angry. The show had been disappointing and he was out of sorts. Stopping an usher, he demanded harshly: "Where in blazes is the men's smoking room?"

She replied sweetly, "Go right down this hall and turn right. You will see a sign that says Gentlemen. Pay no attention to that. Go right in."

Recycle that cycle

Have you unwanted bicycles, tricycles, wagons, or spare parts around the home? If so, the Sturgeon General Hospital Auxiliary would appreciate having them. Mr. Maurice Howlett of Flint Crescent has generously offered his time to repair and repaint these items so that the auxiliary may sell them and donate the proceeds to the hospital.

Please phone 458-0917 for pickup.

a portrait gift certificate

A portrait of your children. Grandchildren. Entire family. Anyone you really care about. Take a moment out of time...and make it last forever. Give someone you love a Portrait Gift Certificate.

They can schedule a sitting, and have a formal portrait taken by a professional photographer. It's a special gift for them. From you. Call or come in to the studio for details.

Changes in municipal structures

Between October '74 and Act '75, the Municipal Government followed a format in which committee of the whole meetings were interspersed between council meetings. At the annual organizational meeting on October 27, 1975, the council decided to introduce certain changes in this format in order to improve the overall efficiency and effectiveness of the time expended by each council member.

The changes are as follows. Firstly, the committee of the whole meetings were changed from a council meeting to a regular committee format. In effect, the newly constituted committee of the whole deals with specific items which require indepth deliberations and considerations. The "dry-run" aspect of previous committee of the whole meetings - literally quasi council meetings has been eliminated. The net effect is that more time can be allocated to the examination of complicated issues instead of processing routine "run of the mill items" which are adequately dealt with by one appraisal during a regular council meeting. Secondly, it was approved in principle that the council should establish a Municipal Planning Commission which would be empowered to handle routine matters related to planning considerations which fall within existing council policy parameters. It is felt that the establishment of the MPC will give council, as a whole, time to concentrate on planning matters requiring policy decisions' inputs. This should improve our policy input into planning matters which effect all St. Albert residents. Thirdly, it was felt that council should have the opportunity to obtain a regular overall briefing on internal administrative matters in order to maintain and obtain the overall perspective and familiarity needed to formulate changes in broad administrative policies. Given the efficiency gains obtained from restructuring the committee of the whole and establishment of the MPC, council will be able to fill its administrative policy role by replacing one regular committee of the whole with an administrative committee meeting. It is hoped that on occasion the internal administrative meetings agendas can be reduced to the point that council members will have the opportunity to allocate more of their scarce time to their other board, commission and special committee duties.

In closing, it is felt that the above re-organization will allow all members of the council to obtain a full overview of all of the municipalities' operations. In addition, it will give the residents elected representatives more time to concentrate on the formulation and re-evaluation of the numerous policies which regulate the manner and way that residents and firms interrelate with each other in our community. (This is particularly important in a year in which the majority of our general plan work has to be completed).

At the next organizational meeting in October, 1976, members of council will evaluate this revised format and examine the desirability of modifying or changing this structure. It is hoped that if any residents have any suggestions to make in this regard, that these will be passed on to either myself and/or various councillors during the course of this year.

Lots of St. Albert resolutions carried at AUMA convention

Seventeen resolutions submitted by the Town of St. Albert were adopted at the Alberta Urban Municipalities Association Convention in Calgary last month.

Two from Gibbons and one from Morinville were also adopted at the convention out of a total of 106 adopted.

Resolutions adopted at the convention from St. Albert called for the provincial government to provide income tax deduction up to 75 per cent for municipal election campaign expenses to a maximum of $500; another called on the government to amend its legislation so that municipalities could send out instalment tax notices if the municipality had passed a bylaw to that effect; another requested the province to provide grants to assist in the establishment of qualified ambulance services in regional health care delivery points; another wanted the provincial government's unconditional grant assistance program to include population growth factors in compiling the level of financial assistance provided to each municipality. And in view of inflation, another resolution from St. Albert adopted at the convention called for the provincial government to amend all its legislation to maintain the real value of the dollar amount approved by the legislature.

Other resolutions carried called for the government to grant additional financial support to those municipalities in high growth rate areas, called for the government to establish noise buffering standards for collector roads, and arterial roads near urban centres, and also requested that provincial laws be amended to ensure that all annexations of land to a municipality must be initiated by the municipality desirous of enlarging its boundaries.

St. Albert also asked via the convention that the provincial government "increase its investment in human capital ... by substantially expanding their support for all types of preventive social service programs."

And St. Albert, along with Fort Saskatchewan requested that local governments be allowed to retain the right to select their own priorities within the overall budgetary limit imposed by the provincial and federal governments.

Concerning new home ownership for young people, St. Albert also requested that the AUMA recommend to the Government of Alberta that it extend the Starter Home Subsidy program to apply to all housing units.

A resolution on the regional content component in recreational and culture programs asked that "after the documented evidence is provided to the government indicating the refusal or acceptance of some or all neighbouring municipalities to participate in a regional agreement, that the municipality submitting the application can obtain the same status - the granting of the 10 per cent regional funding - as granted Edmonton and Calgary."

On test centres for maximum noise levels, St. Albert's resolution was carried that the province establish test centres for controlled testing of vehicles for noise bylaw enforcement.

On maximum noise levels, the AUMA was asked to petiton the provincial and federal governments to enact legislation setting maximum noise levels for each type of vehicle restricting it to the manufacturing of vehicles and related parts.

Another resolution carried at the convention from St. Albert, pointing out that local governments perform as important a role in serving the electorate as the federal and provincial governments, resolved that a special committee of the AUMA be established to meet with the cabinet and establish general protocol guidelines for provincial - municipal dealings in the province.

On urban recreation areas a resolution was carried that the province and the municipalities co-operate in their efforts to develop park areas close to urban centres so that citizens have adequate outdoor recreation close at hand. That resolution from St. Albert points out that "recreational green areas near urban centres are often inadequate."

On the multi-purpose recreation and culture program, a final resolution from St. Albert carried recommended that the provincial regulations be amended to allow local government and boards to determine the percentage of recreational and cultural facilities which best serve the interests of the people within each municipality.

OTHER RESOLUTIONS

Two resolutions from the village of Gibbons were also carried at the convention. One recommended that the municipal government and the provincial government end their year at the same time to encourage proper budgeting practices and more efficient operation. The second called for the elimination of the $500 development charges fee under the Municipal Government Act.

The Town of Morinville also requested that the provincial government review section 242 of the Municipal Government Act so that a wider scope for off-site cost uses might be indicated.

Response terrific on A.E.C. shares

Alberta Energy Company announced today that its offering of shares to Albertans has been highly successful. Over 50,000 subscriptions have been tabulated, totalling more than $70 million.

Final figures are still being compiled due to extremely heavy flow of applications received during the closing days of the Alberta priority period.

The expression of interest in this share issue by Albertans indicates it will be one of the largest equity offerings in the history of Canada. Considering the province's 1.7 million population this A.E.C. issue would be equivalent to selling one billion dollars of shares throughout Canada. A.E.C. will have more shareholders than almost any other Canadian corporation.

As previously publicized total number of shares to be issued will not exceed 7½ million. There will be a further announcement about the issue in a few days.

Always something remarkable in night skies

By Jim McIntyre

The night skies above St. Albert and Edmonton have been quite remarkable for their phenomena recently.

Last Tuesday night (November 17) was no exception with the moon partially eclipsed from about 6:20 p.m. to 7:10 p.m.

The moon presented an eerie sight as it crept in full phase from the eastern prairie horizon with what seemed to be a cloud obscuring its north-east sector. The cloud was of course part of the earth's shadow traversing the moon's surface.

While we had an eclipse last week, this time of year is also marked with a high frequency of meteorites burning themselves out in the night sky. These are commonly known as shooting stars. Unfortunately they seem to have a nasty habit of not showing up when you look for them. So you are more likely to see them shooting across the night sky when you least expect it.

The writer saw a tremendous shooting star about a week ago when driving down into the North Saskatchewan valley on Edmonton's south side.

The star, in a falling course, traced a bright scar across the sky at incredible speed before fading out in the depths of the night.

Going back to the eclipse, western Canada was cheated out of seeing a total eclipse because of its geographic position. But the further east you went, the more total the eclipse was. In fact Montreal saw the moon completely blacked out by the earth's shadow.

The total eclipse lasted for about 30 seconds at about 6:22 p.m.

It was visible from the western part of Australia, most of Asia, the Indian Ocean, Africa, Europe including the British Isles, the Atlantic Ocean, Greenland, the Arctic region, North America, except the west, and most of South America.

AROUND TOWN

Mike Hampel was back in town for a visit this week. The former member of the St. Albert RCMP detachment, and volunteer hockey coach, was down from Fort McMurray on a course for the Force.

** ** **

The Hercules Sports Association organized two family supper celebrations this month to honour minor soccer teams who had especially good seasons. On Nov. 2nd the peewee A's were entertained and presented with trophies recognizing their accomplishment in making the Zone playdowns. Kay Hopkins acted as m.c. It was the peewee B's turn on Nov. 16, with a supper party to honour them for making the junior olympics and the provincials this year, when Terry Ainsley was m.c. The boys had thank you gifts for their coaches as well.

Child guidance series for 1976

The Parent Program Committee of the St. Albert Protestant School District #6 kindergarten held the last session in its one night series at the Robert Rundle gymnasium on Monday, November 17 at 8 p.m.

The evening was opened with a very entertaining skit by Mrs. Reinbold's drama group from the St. Albert High School. They presented three common parent-child situations to advertise our child guidance series beginning Monday, January 12, 1976.

Sal Hummert, training supervisor for Early Childhood programs in the Department of Social Services and Community Health said that parenting can be a joy. Children tend to live up to the messages and expectations their parents give them.

We should be able to express freely to our children how their behaviour makes us feel - whether angry, sad or happy.

Children have an uncanny knack for getting hidden messages behind our statements, e.g. Mother says "wouldn't you like to go out and play?" The child might reply "Am I bugging you mommy?"

Parents sometimes try to live up to the expectations of other (relatives, friends or people) on what they should be doing, therefore causing a strain to be put on a good parent-child relationship.

As effective parents we must respect our own worth and meet our own needs. Not in a defiant manner but in one that says I am doing that for me and it will eventually bring happiness for us all. Something else that strains or drains a relationship is the "power struggle." This is where somebody wins and somebody loses. We should try and seek out solutions that are acceptable to all.

COMMUNICATION SKILLS FOR BETTER PARENTING

Mr. Gary Miller, teacher and counsellor at Sir Alexander Mackenzie, enlarged upon some definite communication skills for better parenting. He spoke about "active listening" and not just hearing your children.

We must reflect back to the child that we understand and suspend our own value judgements, e.g. when your child says to you "I don't have any friends" reply "you really feel hurt when you don't have any friends."

Another one of the skills is by the "I" messages. Let other people know how you feel and give them the responsibility for changing. "I get very angry when I see your room a mess."

It is important for the busy parent to realize that by involving your children in every-day situations like being with dad when he's dressing or helping mom with the baking can give a child as much joy as a special planned outing.

If you have limited personal resources and inadequate methods to cope with the problems you may be having we are offering a child development series called "Children the Challenge" to be presented by Mr. Thomas, school phychologist. The series will run for six consecutive Mondays from 8 - 10 p.m., starting January 12, 1976. There will be a fee of $5.00 per family which would entitle either or both parents to attend.

Place of registration will be announced at a later date.

If you have any questions please phone Shirley Riedmüller at 458-0672.

Noted organist to give concert

Nicolas Kynaston, the leading concert organist and recording artist of England, will give a recital on Monday, December 1st, at 8:30 p.m., in All Saints' Anglican Cathedral, 10035 - 103 St., Edmonton. Mr. Kynaston served as organist at Westminster Cathedral, London, from 1961 to 1971. During that period he founded an organ recital series which became a major part of the musical life of the English capital and performed throughout England and the Continent.

In 1971 Kynaston relinquished his cathedral post in order to meet the growing demands on his time from performance, broadcasting and recording bookings. Since, then, he has toured widely on the Continent and North America, performed many times for national radio and television in the United Kingdom and other European countries, and performed as orchestral soloist under the batons of distinguished conductors such as Stokowski, Boulez, Colin Davis, and David Atherton.

The recital, sponsored by the Edmonton Centre of the Royal Canadian College of Organists, is open to the public, and tickets at $3 per person ($2 for Senior Citizens) will be available at the door or by calling 459-4926.

Barn saved by local firefighters

Howard and Mavis Albrecht wish to extend a thank you to the St. Albert Fire Department for arriving within 15 minutes Saturday afternoon to extinguish a fire at their three-quarter acre farm near Villeneuve.

Fire broke out in a straw stack near a barn which Mr. Albrecht's son and other boys were playing in. Wind was blowing west about 40 miles an hour directly through the farm's buildings. Mr. Albrecht said that if the fire department had not responded so quickly, he would have lost 1,500 bales of hay in the barn. The fire was contained after destroying 1,000 bales of straw.

Six local firefighters rushed to the scene on a pumper and water tanker. They retarded the fire from spreading, said Fire Chief Alex Purnell. The fire was spotted from a window shortly after three beef were butchered. Mr. Albrecht and help had gone to the house for coffee.

Before the firefighters arrived, neighbours, by-passers and an unidentified man in uniform fought the fire with buckets of water until the well was dry.

Arts and Crafts Guild News

The next Ceramic Studio meeting will be held on Wednesday, December 3 at 7:30 p.m. During this meeting pots will be priced for the sale that is due the following Sunday. (Particulars of this annual event are in an advert elsewhere in this newspaper). All pots for the sale should be glazed and in the Kiln Room by Friday, November 28th.

The Weavers meet next on Thursday, December 4 at 1 p.m. Pillows for the Christmas sale will be finished and priced at the meeting.

Local choreographer honoured

Orest Semchuk, of 22 Greenfield Estates, said he was surprised when he received a letter from Horst Schmid, minister of culture, informing him that he was going to be honoured with an Alberta Achievement Award. He had no idea that Donna Kowalishin, president of the Ukrainian Shumka Dancers had nominated him for the honour with other members of the dancing group's executive.

The letter also brought back memories of working with the minister of culture for the Edmonton Folk Arts Council several years ago, showing Mr. Schmid, formerly head of the German group, how to dance the "schuplatler."

Mr. Semchuk was presented the award by Premier Lougheed in recognition of the ethno-cultural service he has given the province as voluntary artistic director and choreographer of the Shumka Dancers. "Sometimes I've been stage manager too," he smiled, "The Shumka is a non-profit group and at times it's hard to get resource people."

"I was humbled just to hear I was nominated for the award." Mr. Semchuk considers the annual presentation of Achievement Awards by the government is a worthwhile practice as it shows recognition of Albertans who have contributed to the province's cultural life. He was not referring to himself, but the other 180 Albertans honoured during the ceremony, Saturday, November 8 at the Calgary Convention Centre.

BACKGROUND

Born in Edmonton 28 years ago, Mr. Semchuk began his training at age four under the tutorship of the renowned Vasyl Aramenko. At age 10, he entered the Heavener Dance Studios to begin formal ballet training, and later studied modern jazz with Eileen Thompson.

Edmonton area audiences have seen Mr. Semchuk appear in such productions as Walterdale's "The Fantastiks," the Citadel's "Irma La Douce," Canadian Artistic Productions "West Side Story" and Prestige Productions "Cabaret." His choreography has been evident in Jubilaires' "Carnival," Prestige Productions "Stop the World, I Want to Get Off" and "The Boyfriend." He has helped produce, direct and choreograph performances for the Edmonton Folk Arts Council.

Since 1961, Mr. Semchuk has been with the Shumka and for the past seven years the group's artistic director. In 1969, the Shumka was part of the Canadian Folk Arts Group Council at Tunisia's bi-annual folk festival.

Mr. Semchuk teaches Grades 4 and 5 at Forest Heights Elementary School in Edmonton. Married with a seven month old son, he worked three years after graduating from the University of Alberta for child welfare in the city.

Canadian - Scot honoured by award

"What I did, for the most part I enjoyed," said Bob Allan, of 32 Greer, "and am quite proud I was thanked for doing it with an Alberta Achievement Award. The award honoured his efforts to preserve the quality of Scottish culture in the province.

Mr. Allan has been broadcasting his half-hour Scottish program voluntarily on Edmonton radio station CKUA since 1963 once-a-month Sunday at 12:30 p.m. He is one of Alberta Heritage Council's 12 directors who advise Horst Schmid, minister of culture, on the province's cultural heritage. Since 1960, he has been active on the Edmonton Scottish Society and its president of the Edmonton Burns Club. The club's objective is to preserve the Scottish poet's immortal memory.

Mr. Allan is a Canadian-Scot, he says, not a Scot-Canadian. "If asked why I preserve Scottish culture in the province," he said, "my attitude is that the country is made up of all ethnic backgrounds and Scots have a certain amount of pride in their own contribution to it."

Mr. Allan was chairman of the board of management behind the Grant MacEwan Centre built on 20 acres in Ellerslie. "In any organization," he said, "you cannot live on reputation, but always step ahead to do something better. After accomplishments have been recognized, its not the fanfare which gives you satisfaction, but seeing something achieved."

Hearing Mr. Allan was to be presented an Alberta Achievement Award came out of the blue, said his wife Nan. "We don't know who nominated him, or what it was for until we were at the presentation ceremony."

The Allans were impressed to see handicapped Albertans receive the award for excelling in Wheelchair Sports Games. "People pay more attention when they see awards received in person." Mr. Allan said. Business manager of Alberta Teacher's Association, he and his wife have resided in St. Albert two years.

Young bowler recognized by Premier

Thirteen year old Chris Ahronson, of 54 Grandora, was presented a 1975 Alberta Achievement Award by Premier Lougheed at the Calgary Convention Centre, Saturday, November 8. The premier presented her the award for placing first in a recognized national competition during the period of September 1, 1974 to August 31, 1975.

Chris won a Gold Medal in bantam girls singles at the Canadian Youth 5-Pin Bowling Championship last September in Ottawa. She defeated Christine Danis of Quebec by 12 pins in a playoff game. Her mother Marcelle said Chris was crying when she beat the Quebec girl. "She didn't want to beat a girl she'd made friends with," Mrs. Ahronson said, "but she wanted to win."

Chris is the latest accomplished bowler in her family. An uncle won the Youth Bowling Council championship two years in a row about 12 years ago, and her 19 year old sister Marilyn placed second in the provincial senior bowler's competition last May.

Her father Bud is Chris' first coach, and Francis Robillard of Windsor Bowling Alley on the south side of Edmonton also coaches her. "Chris' winning attitude is what makes her a champion," Mr. Robillard said.

"She isn't discouraged or upset after bowling a bad game, but after coming for advice on how to correct it, adjusts her playing right away. She has an unorthodox game with her own style, mannerisms and rhythmn, but she's like baseball player Lou Gherhig used to be at the plate - goofy, but effective."

Chris has a natural talent which has developed since she first started bowling at the age of six. At Sir George Simpson Junior High, Chris is an above average Grade 8 student who excels in every sport, even hard contact ones such as hockey and soccer.

All expenses were paid for Chris and her mother to attend the achievement award ceremony. "I really liked the fancy chicken they gave us," Chris said. "It was stuffed with mushrooms, rice, chicken livers and covered with mushroom sauce. And when I received the award, a picture was taken without having to stand posed with Premier Lougheed."

The way she studies opponents and doesn't allow pressure to phase her makes her a formidable player, Mrs. Ahronson said. "If I'm the first bowler and my game's right on," said Chris, "it seems to psyche out the other bowler. I hope next May when I'll be playing as a junior, to once again represent the province at the CYB in Regina.

Woman aviation recognized

A glance at the extensive aviation career of Molly Reilly, 6 Glenmore is sufficient to appreciate why she was honoured with an Alberta Achievement Award.

She joined the Royal Canadian Air Force (Women's Division) in 1942 as a photographer. Mrs. Reilly undertook flying instruction in 1944 and during her training, was awarded runner-up status in the National Webster Trophy competition against a formidable field of male pilots. She was co-captain of a DC-3 from 1959 to 1964, flying in extreme Arctic weather conditions. Often she was without benefit of radio communication and navigational aids.

In 1965 Mrs. Reilly was appointed Chief Pilot for Canadian Utilities. She flew a sophisticated, pressurized, radar-equipped, all-weather, twin-engined aircraft throughout North America. As pilot-in-command, she completed 10,000 accident-free hours of flight.

Mrs. Reilly was named a Member of Canada's Aviation Hall of Fame in 1973 and cited for her outstanding abilities and her many contributions to the field of aviation.

PUBLIC MEETING

The Town of St. Albert is currently carrying out a comprehensive transportation study to establish existing and future transportation requirements both for the town and the corridor between Edmonton and St. Albert. Some of the major areas under investigation include road networks, public transit, truck routes, pedestrian walkways, cycle paths and the impact of future developments.

To date the study has completed data collection and processing, analysed existing transportation systems, and has developed inconjunction with the Town Planning Department and the Edmonton Regional Planning Commission several land use alternatives. A necessary part of this study is the dissemination of this information to the general public for opinion and response. Based on this response, established land use alternatives will be used to determine future trip generations and distribution.

Presentations by the Study's consultants will include slides and maps outlining current ideas. Representatives of the Steering Committee will also be present to answer any questions individuals may have concerning the Transportation Study.

TIME: 7:30 P.M.
DATE: TUESDAY, DECEMBER 2, 1975.

Safety Council reviews year at annual meeting

The annual general meeting of the St. Albert Safety Council was held on Thursday, November 13 at Robert Rundle School.

There was a good turnout of members, and we were happy to welcome two guests - Joan Gaunce of St. Albert Parks and Recreation Department, and Bob Novikoff of the Alberta Safety Council.

The chairman, Mrs. Jane Nelson, in her report, gave a resume of the year's activities, indicating that, despite initial membership problems, following a membership drive, enough enthusiastic new members came forward to join the old to make it a successful year.

The Pedal Pushers' program suffered from a lack of volunteers, but enough were eventually mustered to handle approximately 300 children.

Defensive driving courses were offered on a monthly basis.

The Safety Council produced three programs on Capital Cable, Channel 11 -- giving more exposure to more people than is possible by the other media alone.

The Block Parent program was taken over by the Safety Council in the spring, and is growing steadily.

School busing is under constant review -- the brief to the Provincial Government for a change in legislation being presently in the planning stages.

The Safety Council recently participated in the Social Services show held on November 7 and 8.

Mrs. Nelson, on behalf of the Safety Council, went on to thank Councillor Rod Throndson, who has been our town council representative for three years, for all his help and advice, and welcomed Councillor Margaret Smith, who has been appointed as our new town council representative. Mrs. Nelson thanked the older Safety Council members for hanging on when things were difficult and the newer members for their enthusiastic help when it was most needed.

Thanks were also extended to Mr. Bob Byron and members of the town administration, to Mr. Charles Gale Social Services director, for their co-operation and help, and to Mr. Bob Novikoff and the Alberta Safety Council for his help on many occasions.

Mrs. Nelson then submitted her resignation to the Safety Council, as she is leaving St. Albert in the near future.

The treasurer was unable to be present and an interim report was given by Mrs. Nelson showing that our finances are in a stable position.

BLOCK PARENT REPORT

Lawrence Johnson, Block Parent co-ordinator was also unable to be present and his report was read by the Secretary, Maureen Heuchert. He reported steady progress, with several dozen applications processed since he took over the program. The Block Parent meeting in September was very poorly attended. A further meeting will be held in the spring.

DEFENSIVE DRIVING

Stan Mill, instructor for the defensive driving courses, is on vacation and his report was also read by the secretary. Response to these courses is excellent -- approximately 22 to 26 are enrolled in each class. Some employers in town are subsidizing their employees to enable them to take the course as it's importance becomes more evident.

SWIMMING INSTRUCTION

Mrs. Pat Dobko reported on the Red Cross swimming instruction courses. Many in St. Albert are not aware that the Safety Council subsidizes local young people taking these courses and she suggests more publicity at the appropriate time.

PUBLICITY

The publicity report was given by Mrs. Betty Pimblett. Appreciation was expressed to the Gazette for the excellent coverage given to the reports submitted on our meetings since regular reporting was started in June. It is felt that this regular exposure has helped considerably to publicize the fact that St. Albert does have it's own Safety Council.

An article on the St. Albert Safety Council, its origins and present projects was published recently in the Newcomers' Newsletter, and copies of this were handed out at the recent Social Services show.

Publicity has also been given to projects such as defensive driving courses and the Block Parent program on Capital Cable Channel 11.

As a result of the increased publicity, citizens are now contacting members of the Safety Council with their concerns, which are then brought up at the next meeting.

ELECTION OF OFFICERS

Following the committee reports, the election of officers for the coming year was held. Elected as chairman was Stan Mill, as vice-chairman, Betty Pimblett and as secretary-treasurer, Maureen Heuchert.

GUEST SPEAKERS

Bob Novikoff expressed pleasure that the St. Albert Safety Council now had enough members that they had been able to make application for a Provisional Charter as a member of the Alberta Safety Council. He felt optimistic about programs for the coming year.

Joan Gaunce also spoke at the meeting. She mentioned a course shortly to be offered in public speaking which she felt could be of use to those using radio and TV to publicize community affairs. It would aid those lacking experience to make better use of the media, to present material in an interesting and attractive manner and generally handle a talk show or quiz program with confidence.

She was also concerned that groups using community facilities frequently have no plan for emergency situations -- i.e. sudden collapse or other illness, accident or other emergency. She felt such groups should be aware of their liabilities, and wondered if the Safety Council could make suggestions.

The meeting adjourned after discussion of a few items of new business involving traffic and pedestrian hazards. Further action on these matters will be discussed at our next meeting on November 27th.

Kinettes at work on Hampers

The Christmas season is fast approaching and the St. Albert Kinettes are busy preparing for their annual Christmas hamper project. Each year the Kinettes are provided with names from various agencies of the less fortunate families in our community. The deadline for names is December 10th. If, by chance, there is a family or person whom you feel should be included on the list please phone Donna Lauter at 459-8614 or Nancy Rayburn at 459-3523.

If would-be donors are interested in the contents of hampers which are distributed, last year the following items were included: oranges, turkey, Christmas cake, coffee, peanut butter, jam, canned juices, canned fruit, chips, and other goodies.

You are urged to give generously to this worthwhile cause and you may phone your pledges of food or cash to either Donna or Nancy at the above telephone numbers.

Eaton singers to perform

The Richard Eaton Singers of Edmonton will present the Magnificat in D, by Bach, and Fantasia on Christmas Carols, by R. Vaughan Williams, at All Saint's Cathedral in Edmonton, on Saturday, December 13 and Sunday, December 14 at 8 p.m. each evening.

Conductor is Larry D. Cook, head of the choral division of the Music Department of the University of Alberta. Tickets are $3 for adults, and $2 for Senior Citizens and children (16 and under), obtainable from Mike's Newstand, the Cathedral Box Office, 10023 - 103 Street, Edmonton, or the Music Department, University of Alberta.

A child's plea to adults - help me to help myself - Montessori

Maria Montessori developed several maxims which summarized her attitudes towards the child and his learning potential, and described the child's basic plea to the adults around him - "Help me to help myself."

Childhood is inevitably a time of dependency, but this does not need to be extended indefinitely, however, Montessori believed that every child, in order to develop a feeling of self-worth, needs to feel he or she is at least somewhat responsible for his environment, and is also able to make decisions - at a level that he can handle - on his own. It is humiliating for any individual to be almost totally dependent on another human being, and no less so for the child. He desperately needs to feel that he can affect his environment positively, otherwise he will resort to other - more destructive - ways of relating to the world around him.

A Montessori classroom helps to fulfill this basic need in a child by placing him in a planned environment, demonstrating clearly HOW to perform the various activities within it. And then allowing him to make his own decisions as to what he will do - and when - and how long. Ground rules are basic and do not infringe on his freedom anymore than is absolutely necessary for his own protection and that of others. (Example - a child may not interfere with another child's work).

In addition, because a child is shown clearly how to perform basic, practical life exercises, he is capable of correcting his own mistakes, and does not have the humiliation of having to call on an adult for help should accidents occur. An example might be spilling water that he is pouring from one container to another. Because such tasks are demonstrated clearly to the child at a "neutral" time (not at the time of the accident), he is able to cope by himself and do the necessary clean-up, and go back to his work with a minimum of fuss.

This leads into two more of Dr. Montessori's maxims - namely "Teach by teaching, not by correcting" and "Never allow a child to risk failure until he has a reasonable chance of success."

She believes the child should be shown clearly what is required of him BEFORE a situation arises, and not jumped on when he does do something incorrectly.

Which means that the teacher's main tool is keen observation of a child's interests and abilities. If he has been shown an activity and does it incorrectly, she merely makes a note - mental or otherwise - to demonstrate it again at a later date. He is NOT told "that is wrong," which could, and usually does have the affect of making him afraid to try again.

And so "Never allow a child to risk failure..." He is not permitted to try and accomplish complicated tasks that are beyond his current abilities - simply because when he is unable to do it, he may lose interest and feel he has failed.

So again the teacher's job is to observe what needs the child is attempting to fulfill and supply them at a level he is able to cope with. In effect, if a child has frequent failures, it is really the teacher's failure and not the child's. She has either not demonstrated the activities and materials clearly enough - or has not steered the child towards activities he is capable of handling. Which is not to say that the child does NOT make mistakes - and a lot of them.

In a Montessori classroom this is looked on as being part of the learning process - and not something to be upset or horrified about. "Practice makes perfect" could be another Montessori maxim, as the child is allowed to repeat a task as many times as he wishes until he has mastered it. He is NOT told to do it once and then let Johnny have it. He can use the same material for an entire morning if he wishes, and Johnny learns patience and self discipline by having to wait his turn. Johnny is able to choose from a large number of other activities if he wants to do so. He may also, with the other child's permission, watch the other child or share in the activity.

Children can appreciate the fairness of "justice" of this sort of arrangement, as they know that they also will not be interferred with when they are absorbed in a task. And really what better basis could there be for adult life than knowing and understanding that in order to claim your "rights" you must be willing to allow others theirs?

Second in a two-part series on the history and background of Montessori school for children under six years.

Community school concept discussed by District 6

The education meeting held in the board room of the St. Albert Protestant Separate School District No. 6 on Wednesday, November 19 dealt with the concept of Community schools.

Trustee Don Munro, chairman of the Education Committee, introduced the subject. In doing so, he explained that the community school concept was not new. It had been around since 1949. Mr. Munro introduced Mrs. Joan Gaunce, recently-appointed Community Schools Co-ordinator of the Town of St. Albert, and he asked Assistant Superintendent Bob Prather to give some background information. Mr. Prather had recently returned from a seminar on community core schools in Red Deer.

Mr. Prather said that defining a community core school is difficult. He indicated that it is more than a physical structure. It is more of an attitude - a way of dealing with children.

Mr. Prather informed the committee that there appears to be a drive towards community core schools and the Alberta Government is making it economically advantageous to build such schools.

A major feature should be that everybody participate in the curriculum, trained educators, parents and students. Mr. Prather quoted the views of Dr. Brian Staples of Further Education Services of Alberta Advanced Education who feels the curriculum must vary. What is applicable in one area is not in another.

Physical plant and facilities do play an important part in the successful operation of community core schools. Buildings should be built for use by groups in the regular school program and outside groups without disruption. Apparently, the Red Deer School District is presently exploring all avenues to obtain the best funding and the best building for a new community core school.

Mrs. Gaunce, community core co-ordinator explained her role to the committee, outlining some of the key areas of responsibility and some possible functions of a community core co-ordinator.

The responsibilities include developing programs using community resources, e.g. school facilities and community personnel, to develop the school as a centre of community activity and encouraging interest and involvement of community groups and agencies.

Kids, moms, teachers

Learn how to make your own Christmas decorations! The Provincial Museum of Alberta is sponsoring three Saturday sessions on Christmas decorations. Come and watch .. or participate yourself. It's free, and materials are supplied.

*Saturday, Nov. 29 from 1 p.m. to 4 p.m. Paper Decorations (eg. paper chains, snowflakes).

*Saturday, Dec. 6 from 1 p.m. to 4 p.m. Cloth Decorations (eg. angels and choirboys from scraps of felt).

*Saturday, Dec. 13 from 1 p.m. to 4 p.m. Popcorn Decorations (eg. popcorn chains).

The Provincial Museum is located at 12845 - 102 Avenue in Edmonton, on bus route number One. Join us for Christmas decoration-making!

Bredeson - Alberts Wedding

In a pretty afternoon ceremony on August 2, Frances Alberts and Marvin Bredeson were united in a double ring ceremony. Frances is the daughter of Mrs. Ileen Alberts and the late Edward J. Alberts of Ellerslie, (formerly of St. Albert), and Marv is the son of Mr. and Mrs. Harry Bredeson of Camrose.

The setting for the wedding ceremony was the St. Vital Roman Catholic Church in Beaumont with the Reverend Father Jacob, OMI officiating. The wedding music was played by Mrs. Fran Schuchard of St. Albert, and sung by both her and her daughter Martha.

Escorted down the aisle by her uncle, Ralph Alberts, the bride was radiant in her full length gown of white Swiss eyelet lace with jacket to match. On her hair she wore a flowered headpiece of nylon tulle with trailing pearl-centered stephanotis. She carried a bouquet of white shasta daisies with baby's breath.

Bridal attendants were Sharon Farkasdi (sister of the bride), Cathy Petrie, and Bo Kim Louie. Another sister, Cathy Alberts, was junior bridesmaid. The bridesmaids all wore similar styled gowns of printed polyester and cotton sheer with each having a different pastel shade of underlay. They all carried bouquets of fresh yellow shasta daisies and white baby's breath.

The groom was attended by Chuck Nicholls, Dave Genert and Jim Fredrickson. All wore beige suits with black trim and yellow ruffled shirts with black velvet bow-ties. Ushering the guests were Leonard Bredeson, brother of the groom, and Jeffrey Alberts, the bride's brother.

To greet her guests Mrs. Alberts wore a floor length gown of blue floral georgette featuring full long sleeves and ruffled neckline and a corsage of white daisies and pink carnations. Lillian Bredeson chose a formal peach satin crepe gown with a flowered jacket, pearl-drop necklace and peachy-gold daisy corsage.

Following the ceremony a banquet was held in the Beaumont Hall for some 150 guests. The capable master of ceremonies was a long time friend of the family, Mr. Jim Parker of St. Albert. Art Thomson of Perryvale proposed the toast to the bride. Lennie Bredeson welcomed Francie into the Bredeson family and Mrs. Alberts welcomed Marv. The bride's sister Denise was in charge of the guest register.

Later in the evening some 200 guests enjoyed the dance and the late lunch.

Special guests were Mr. and Mrs. Herman Gerger, grandparents of the bride, from Penticton.

Out of town guests were from Calgary, Edmonton, St. Albert, Camrose, New Norway, Edberg, Ohaton, Bawlf, Athabasca, Medicine Hat, Consort, Fawcett, Stony Plain and Perryvale. Out of province guests were from Melville, Saskatoon, Regina, Yorkton and Assiniboia, Saskatchewan; and Maple Ridge, Coquitlam and Penticton, B.C.

Marv and Francie Bredeson are now making their home in Calgary.

MR. & MRS. MARVIN BREDESON

Writers wanted

Three years ago the Literary Arts Branch of the Provincial Government sponsored a very successful Creative Writing Course in St. Albert. It was taught by Mrs. Margaret Coleman Johnson and held once a week in the St. Albert Library.

From this group of aspiring authors was formed the Sturgeon Writers Guild. As membership dropped off due to transfers and other maladys of twentieth century living, the Guild was disbanded and reformed several months later as the Sturgeon Writers Workshop, by a handful of dedicated writers. Membership has again dropped. The few writers remaining are seeking new members in order to keep the workshop active. They are looking for people who write, whether it is poetry, articles, short stories or novels and who are looking for a sympathetic group from whom they can receive encouragement.

The workshop offers constructive criticism, marketing tips, understanding and perhaps most important to the novice writer, encouragement.

If you are an avid scribbler this is the group for you.

The Sturgeon Writers Workshop meet the first and third Thursdays of each month in the annex of the library at 8 p.m. The only fee is 10¢ for coffee supplies.

For further information contact Joy Borle at 459-3280 or Val Keller at 459-7930.

Community choir formed

A community choir has got underway in St. Albert.

It's starting off in a small way - only about 13 residents turned up to the choir meeting last week - but already it looks as if the choir's numbers could swell.

The choir will sing Wednesday nights and choir member Mrs. V. Henderson, wife of the director, says that the 13 who were at the inaugural meeting will bring a friend along to the next sing-song.

The choir will work on a very informal basis with the emphasis before Christmas on seasonal music. Mrs. Henderson says that the choir will have a door to door carol sing in St. Albert for Christmas.

As the choir finds its feet, it will progress to more general choral music which will be chosen by the members themselves.

"Right now it's just singing for fun," said Mrs. Henderson, "but there may be a concert at a later date."

If you would like to join the community choir phone Mr. or Mrs. Henderson at 459-4561 for more information.

Choir practice is at 7:30 - 10 p.m., Wednesday nights and for the present rehearsals will take place in the Albert Lacombe school music room.

St. Albert High Soundings

By Jeananne Kathol

First of all, congratulations are in order for our school volleyball teams, both the boys and the girls, who beat out Stony Plain in the conference and are going to Zones in Westlock this weekend.

Some belated news for the Drama Club is about the Provincial Drama Workshop that LeeAnne Pellerin, Mary Anne Collins, Diane Noel, and Tracy Lakeman attended with Mrs. Reinbold. They made a trip to Red Deer for the weekend of the 24th-25th of October to learn more about various dramatic techniques.

Our school's Educational Cruise to the Middle East is in a state of turmoil as of last week, when the students were informed that the P & O Steamship Company has seriously overbooked their cruise. A decision-making meeting this Friday for students and their parents is organized with the officials of the company who are offering an alternative cruise to Yugoslavia, Greece and Crete.

After a one week's rest following the Jubilee Performance, Pitch are on the move again in organizing a heavy Christmas schedule. They have formed a new mini-Pitch group (about half of the regular Pitch members) who are planning to perform at Fort Saskatchewan, the Kinsmen Field House, Albert Lacombe School, and at our own school's Christmas program. Meanwhile, the new spring program for the Quebec Tour is being prepared.

FRENCH EXPERIENCE

The French Immersion Weekend (Nov. 21-22) was a successful and interesting experience for all: for the 19 students; for the two teachers Mrs. Young and Mrs. Moore; and for the three monitors. Denise Hébert, Maurice Carrière, and Roger Carriere. They spent a day and a half at College St. Jean in Edmonton, folk-dancing, singing French folk songs, doing sports, watching a French play, and listening to a presentation by Marceline Forestier from CHFA radio station who played all of the latest French hit songs. Elise Curial, Brigitte Chelkowski and Roger Gervais represented the students of the Immersion Weekend on Monday night by being interviewed on CHFA radio.

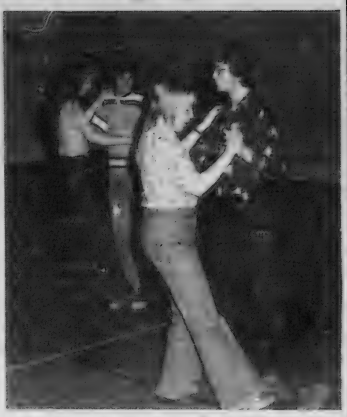
Mover's are sponsoring a recreational trip for the students of our school to Maligne Canyon (near Jasper) this weekend. For only $12 they will be bused there and back, and be provided with meals and rooms for two nights in the mountains; a really good deal!

GREY CUP POOL WINNERS

The Grey Cup Pool went nearly as successfully as the game did for the Eskimos. Our problem was that out of 1600 tickets, 123 were not sold, and out of that number, two were winning tickets. We do have two definite winners: John Arnot for the $100., final score, and George Tetrault for the $25 third-quarter score. The remaining two winners will be announced next week.

Coming up in December is the arrival of the Harlem Clowns in St. Albert, which is almost an annual event. A game between our boy's basketball team and the Clowns is scheduled for December 12, at 7:30, in the Vital Grandin gymnasium.

The Student's executive has already set up our Christmas program for December 23, the last day before Christmas. Mini-Pitch, TV Arts and the Drama Club are all performing, a movie has been booked, and Santa Claus is coming for sure!



Ann Turner and Danny Sheehan, [at back], Corinne LeBlanc and Ken LaPerle practicing Latin hip motions as demonstrated by Brian Harris and Ann Turner.

St. Albert residents in Trail collision

Two St. Albert residents were admitted to the Sturgeon General Hospital Monday for observation following a two car collision on the St. Albert Trail November 24 at 12:30 p.m.

A spokesman for the hospital said Tuesday afternoon that Margaret Morris, 31, of 10 Linwood Crescent was "fine" and also her four year old son Andrew following the accident Monday. Their injuries were reported as not serious.

The accident occurred when a north and southbound car were in collision at 156th Street and the St. Albert Trail. RCMP estimate that $4,500 worth of damage was done to the two cars.

The northbound vehicle was driven by Thomas Morris, 33, of St. Albert who was accompanied with his wife and three children, Andrew, Cameron, age 1½ years and 3½ month old Katie. No one was seriously hurt in the Morris car.

The southbound vehicle was driven by Richard Frazer of Edmonton and he received no injuries in the crash.

Scenes from Simpson

By Cheryl Koshman

The inter-school volleyball games are just about over. But both teams have been busy playing out of town teams. Following are the scores for the last two weeks of senior volleyball play: Nov. 10 (inter-school) - The girls walked away with all four of their games. The boys won two of their four. Nov. 17 (inter-school) - The girls won three of their four games, and the boys once again won two of the four games they played. Nov. 19 - The girls played the Paul Kane junior team. They managed to win one of those four games. Nov. 20 - Both teams played against Spruce Grove. The girls won two of their three games, and the boys walked away with all five of the five games they played! On Nov. 22 we played a tournament at the Sturgeon Heights School. The girls won three of their five games, and the boys won two of their five games. The final standings were Sturgeon Heights, first; Lorne Akins, second; Simpson came in third; and V. J. Maloney, fourth. Nov. 24 (inter-school) - Both teams did really well, with the girls taking all four of their games, and the boys picking up three of their four games. So far in the inter-school competition the girls have won 16 of their 20 games, and the boys have picked up 13 of the 20 games they've played.

As far as the junior girls volleyball team goes, they too, played against Spruce Grove on the 20th. They won one of their three games.

T-SHIRTS SALES

Selling T-shirts during T-shirt week brought the Students' Union a profit of $150. The classes with the most students wearing Simpson T-shirts and jeans were Class 7B (Mrs. Wardell) and Class 7D (Mrs. French). They each had 14 participants.

This year's Christmas concert will be held on December 17, at 8 p.m.

By the time you read this we'll be finishing off our American Graffiti Day and sock-hop. Two LP's will be awarded to the boy and girl with the best 'bobby-sox' costumes.

On Nov. 19, Class 7B (Mrs. Wardell) had a farewell party for Fiona Beland and a welcoming party for John Pike. Good food and a good time were had by all.

HUNTER TRAINING

Thirty-seven students went out on the Nov. 7-10 Hunter Training camp. Parents attending were Mr. Kutzner, Mrs. Tupper, Mr. Otto, Mr. and Mrs. Mallenson, Mr. Murray, and Mr. P. Langford. Teachers attending were Mrs. Wardell, Mrs. Botsford and Mr. Scarnatti. The students had the chance to go out in the woods and shoot with bows and arrows. Consequently, many ended up with broiled log or roasted ground for supper. The Smokey the Bear Award was given out to the two groups who couldn't keep their fires going. The Nature Study Award was won by Trisha Loughlin and Mike Otto. Lisa Kutzner and Kurt Trent were presented with the awards for the Best All Round Campers. Highlights of the camp were the building and usage of a sauna bath, and the usage of firearms.

Students will be glad to hear that there will be no school at Sir George Simpson tomorrow, because of an in-service workshop for the teachers. The teachers will be involved in work on creativity, methods of teaching motion geometry, and games students and teachers can play. Also a number of teachers will be visiting special programs in the Edmonton Public School System, which coincide with their own particular teaching specialty.

And ... those are the scenes from Simpson.

AROUND TOWN

St. Albert Girls Gymnastic Club are going to demonstrate their program Saturday, November 29 in Lorne Akins School auditorium. The club's recreational classes will give a demonstration from 12 to 12:30 p.m. After there will be a half-hour warm-up for girl competitors and the competition starts at 1 p.m. Parents, friends and interested townspeople are invited to attend.

Barn Dance at Mink Lake officially opened

A new attraction at Mink Lake resort was officially opened last Saturday with a Barn Dance in the new facility built over the summer.

John and Gerry Szott, former St. Albert residents, have steadily increased the capacity of their resort since they got it going in the summer of 1973. After putting in showers, flush toilets and laundry mart facilities last year, the way was paved for building a barn.

While there is more work to be done on the barn, which will hold about 350 people, the important feature - the dance floor, done by Master Plate with a marble-like finish, resembling glass is the big attraction. The Barn features strictly old time dancing and country and western music in the country style atmosphere. Benches line the floor all around and there are no tables. Hamburgers, hot dogs, chips and snacks are available in the kitchen concession area and the admission is only $2 per person, open to all ages.

Prior to the official opening Saturday a number of dances - even a wedding dance had been staged in the barn, drawing large crowds, as barn dances make a comeback.

"In the summer it will be a handy spot for families camping at the resort, which now has facilities for 100 trailers, plus campgrounds and picnic facilities. This year the Szotts plan to add outlets for about 30 more trailers, and a dump station for sewage disposal will be installed.

They have 26 boats including sail boats, but boats over 10 h.p. are not allowed, a quiet peaceful atmosphere being the goal. A store operates during the summer, and a family could come in with no supplies. The Barn can serve a double duty, being rented out for company picnics and other social events. In the event of rain the picnic can be moved into the Barn. There is a juke box and caterers can be procured.

The resort actually operates as a family affair, with Peggy (18), Jack (15) and Cheryl, now Mrs. Frank Tinning and Frank all helping out. Extra summer help comes from school kids camping with their families who can combine business with pleasure.

A great many St. Albert families have visited Mink Lake, a number of whom have left their trailers there for the whole summer and the resort and barn dance also draws crowds from Edmonton.

YSC formed for teens

St. Albert teen-agers would like a place in town to go, meet friends and rap, according to the "Teen Reaction" survey conducted by the St. Albert Youth Society last year. Youth Support Committee, (YSC), a community citizens group, had its first meeting last Thursday to discuss ways of helping local teens realize such a meeting place and other means of dealing with their common complaint: "There's nothing to do in St. Albert."

Dances are not the only activity teens wish to have, said Doug Horchuk, president of St. Albert Youth Society. YSC decided to give serious consideration to the planning and establishment of an Activities Centre for St. Albert.

Efforts are going to be made to have more youth participate in the YSC. Town council will be approached for funds to engage a Community Youth Worker. Kel Townend, vice-chairman of the social services board, suggested YSC draw up guidelines for a job description of the Community Youth Worker it will recommend to Town Hall as the hiring body.

Joan Gaunce, community school co-ordinator, was invited by Dave Thomas, director of School District No. 6 counselling services, to meet with school counsellors and increase student awareness of YSC. Mrs. Gaunce reported that the Parks and Recreation Department are developing programs such as Teen Nights for the winter term. YSC felt it needed more input from teens on the types of dances and other activities they would like. Sylvia Walsh, District No. 3 school board member, suggested that if difficulties arise with the use of schools for teen activities during holidays and weekends, the school board be approached.

YSC's next meeting is Thursday, November 27 in Vital-Grandin Elementary School at 7:30 p.m.

Kinsmen show appreciation

The Kinsmen held their annual Business Appreciation evening on Monday, November 17 at the St. Albert Inn.

The crowd of over 100 Kinsmen and guests were entertained by the host of "The Afternooner" on CJCA - Mr. Bob Comfort.

Presentations were made to the people within the community who had supported the Kinsmen in their endeavours over the past year. There were three categories - minor hockey, rodeo and personal support and contributions.

We wish to express our apologies to those who did not receive their invitations due to the postal strike.

Lily Szuba, left, Rose Cuomo, Mayor Dick Plain, Alice Kemps, Dorothy Newman and Emile Laplante presented a petition Monday with MLA Ernie Jamison to Honourable Minister of Housing William Yurko. Signed by approximately 1,700 townspeople the petition urged the provincial government to give immediate approval to application for the provision in St. Albert of self-contained units for senior citizens.

Better year for most crops

Alberta Agriculture's correspondents report that 1975 has been a better than average year for most crops.

Grades and yields of the major cereal and oilseed crops are above those of last year and the long term average. Provincially, the estimated yields of wheat, oats and barley are 29.8, 56.6 and 43.4 bushels per acre respectively. Estimated rapeseed production is nearly 28 million bushels.

Harvesting operations progressed rapidly throughout the province during September, and excellent weather conditions in the central and Peace River regions enabled most farmers to complete their harvesting by the first week in October. Scattered showers delayed harvesting in the northern and southern regions but nearly all the major crops had been harvested by mid-October.

Most of the specialty crops are harvested. Vegetable and canning crops produced average yields, and potato yields surpassed initial expectations. However, corn and sugar beet crops are reported to be disappointing. Yields from forage seed crops range from good to poor reflecting the growing conditions in the particular

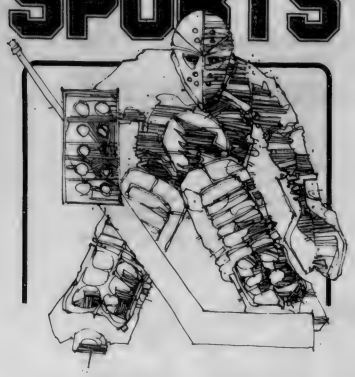
SPORTS



Generals like home - win 3 straight

As the old saying goes - "Wait till we play them at Home." That's just what the Generals did as they won their home opener Thursday with a 4-0 shutout over Barrhead Elks. They followed up with a 6-5 win Saturday over Wainwright Bisons and then handed the Lloydminster Border Blazers their first loss of the season Sunday with a 5-2 margin.

The three wins now give St. Albert a 5-3 won-lost record and a tie for fourth place in the 11-team Central Alberta Junior Hockey League.

Edson Arrows lead the loop with 11 straight wins. Generals next action will be this Friday night when they will be in St. Paul for a game with the Canadiens. Canadiens are winless in 12 games.

In their home opener Thursday, Generals were in command throughout the game and out-shot the Barrhead Elks 56-23. Young Don Odenbach played an outstanding game in goal for the Elks and General's Ralph Chambers also came up with some excellent saves for his shutout.

Ex-NHL goalie Glen Hall dropped the ceremonial first puck and before having to leave after the opening period was very impressed with both netminders. Glen is a scout with the St. Louis Blues of the NHL and no doubt will keep these boys in mind come draft time.

Other opening game ceremonies saw General's Captain Ian Langridge present a beautiful 16 x 20 colour photograph of the team to Bill Gardiner of Standard General Construction, from all the members of the club. Local photographer Vic Post took the photo.

Garry Ferguson led the Generals with a pair of goals while Terry Kieser and Barry Medori scored the others.

Generals opening night attendance was 252.

On Saturday night Generals scored four second period goals to come from behind a 3-2 deficit and defeat the Wainwright Bisons 6-5 in a thrilling game. Six different players shared the scoring as Ian Langridge, Chris Hoffart, Garry Ferguson, Lloyd Olson, Roger Meunier and Pat Frewer blinked the light.

Goalies Wayne White and Ralph Chambers shared the netminding with Chambers playing the last 17 minutes of the game. Both played well and Chambers had to come up with some big saves late in the game. He also had some help from the posts as Bisons hit three in the last 10 minutes.

St. Albert made it three in a row Sunday with a 5-2 win over previously undefeated Lloydminster Border Blazers. Blazers had earlier scored two late third period goals to defeat the Generals 7-5 in Lloydminster.

Once again Generals got goals from five diiferent players and the goaltending of Chambers was just fantastic. He stopped 38 Blazer shots including 16 in the second period.

Generals took a 2-0 first period lead on goals by Roger Meunier and Claude Regimbald and also scored the only goal of the second period as Garry Ferguson found the range for his seventh of the season.

Steve Foreman put Generals ahead 4-0 early in the third only to have Lloydminster come back with two quick goals midway through the period. Dave Grice with his first of the season finished off the scoring with a low shot from the blueline to clinch the victory.

Generals Coach John Ewen feels the team is now rounding into shape and is pleased with most of the player's performances to date.

Rookie Lloyd Olson will be lost to the team for a few weeks with a fractured right wrist from Saturday's game. Scott Ballentine also picked up some stitches to the eyelid in the same game.

Generals next home game will be Saturday, December 6th against St. Paul and Sunday, December 7th against the Edson Arrows.

Dryden to hold goalie clinic

The Edmonton Oilers most popular player with an astute knowledge of goaltending, Dave Dryden, will conduct a clinic for aspiring young netminders Thursday evenings, minders Thursday evening, December 4th in the St. Albert Arena.

The clinic, set up by Jeff Armstrong and the Kinsmen Minor Hockey Association, will be for all goaltenders in the peewee, bantam, midget, juvenile and junior teams in St. Albert.

All players wishing to attend the free clinic are asked to contact Larry Mitchell at the St. Albert Sportshop - 458-0000 or residence - 459-4941 so that we may know how many are attending.

•Peewee A and B team goalies along with Bantam B are asked to be at the arena fully dressed by 6:30 p.m., for ½ hour dressing room chalk-talk and on ice instruction from 7 - 8 p.m.

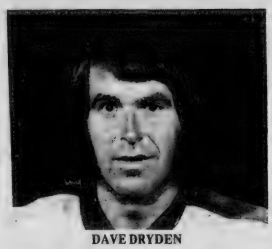
•Bantam A, Midget, Juvenile and Junior goalies will be on the ice from 8 - 9 p.m., with chalk-talk to follow.

Mr. Dryden has spent the past 15 seasons in hockey starting with the Toronto St. Mike's junior team in 1960. Dave joined the Chicago Black Hawks in 1965 and the Buffalo Sabres in 1970. He stayed with the Sabres for three seasons before jumping to Chicago Cougars of the World Hockey Association in 1974/75.

Oilers were very fortunate to acquire his services when Cougars franchise folded at the end of last season.

Dave's younger brother Ken is an all-star netminder with the Montreal Canadiens.

Parents and fans and coaches are welcome to come out and watch the young stars of the future get some top notch instruction.



DAVE DRYDEN

Shovels replace sticks as hockey players work for trip funds

St. Albert's midget hockey representatives left their hockey sticks at home Saturday, grabbed picks and shovels, and spent the day earning $200 for their upcoming Quebec-Ontario hockey tour.

The Sportshop Barons were offered the $200 payment by Jim Harmon of 16 Montcalm Cres., if they dug a six-foot deep trench around a part of his house. Mr. Harmon, who has a son playing on the team, needed the trench to allow him to install weeping tile.

Beginning 9 a.m., a dozen of the team's 19 players arrived with shovels, and throughout the day they spelled each other off in the slightly unusual money-raising venture.

The Barons are attempting to raise $8,000 for the 10-day eastern Canada tour, March 26 to April 5.

The team, which two years ago travelled to the northwestern United States and British Columbia, intends to visit Montreal, Sherbrooke, Quebec City and Ottawa during the spring-break, playing midget teams in each of those centres.

Fund raising ventures have involved the selling of raffle tickets for a Christmas "turkey" draw Dec. 20, and the selling of a five-book series on Alberta's Heritage.

More than 700 complete book sets, which sell for $3, have been sold in just three weeks, and a blitz of the entire community is being considered.

The team also has a beerfest scheduled for early February in the community hall, and players are organizing a teen dance for early 1976.

The players are also attempting to raise an additional $600 to pay for accommodation in Grande Prairie after Christmas, when the team will take part in the provincial Wrigley midget championships. The winner of that tournament, which begins Dec. 26, will advance to the Canadian championship in Calgary in late January.

The players are contributing $20 each towards the Grande Prairie trip, which involves ice rental in preparation for the tournament, and meals when the club is in the northern Alberta community.

Jim Harmon casts a supervisory eye on the young crew of hockey players he hired to dig a trench around his home prior to installing weeping tile.

Congratulations

AND ALL GOOD WISHES! ON THE BIRTH OF THE BABY!

The Welcome Wagon hostess will bring a basket of gifts for new babies and parents. Please telephone Doreen Garc at 459-5443, and let her know when there is a new baby in your house.

The hostess will call on all babies six weeks and under if she is informed of their arriving.

Barons shutout Ponoka in Midget league action

St. Albert's midget representatives, the Sportshop Barons, continued pushing for first place in the North Central Midget Hockey League, with a convincing 7-0 shutout Sunday over Ponoka.

The Barons blasted 65 shots at Ponoka goalie Mike Barbey, as they scored three goals in each of the first and second periods, and rounded off the scoring with a lone third period tally.

Three defencemen picked up goals for the Barons, who have four wins and a tie in five league encounters. Darrel Bokenfohr, Gilbert Longpre and Dave Fraser each scored once, while Fraser and Bokenfohr recorded assists.

St. Albert's two remaining defencemen, Dale Malanchen and Murray Riddell picked up two assists.

Other hometown goals came from Real Huot, Don Wells, Jeff Harmon and Rick Kreway.

The Barons opened extremely strong in the first period and fired 25 shots at Barbey.

Huot and Bokenfohr picked up powerplay goals for the Barons at the five and six minute marks of the opening period, as Ponoka played a man short because of a high-sticking major.

Then with just two seconds remaining, Wells beat Barbey from close-in after he stole a puck at centre ice while playing a man short, and skated past two Ponoka defenders.

A second highsticking major early in the second period against Ponoka set the stage for two additional St. Albert goals, from Longpre and Kreway, and then with just over two minutes remaining in the period, Dave Fraser blasted a shot from the point that deflected in off a Ponoka player's skate.

Jeff Harmon rounded out St. Albert's scoring on another power play with five minutes remaining in the third period, when he grabbed a rebound from Murray Riddell and lifted the loose puck over a sprawling Ponoka goaltender.

St. Albert also outshot the visitors 24-4 in the second period and 16-3 in the third period, and except for some sensational goaltending from Barbey, the score could easily have been in the double figures.

At the other end of the rink, Baron's goalie Glen McRae had a relatively easy time in recording the shutout, although with just a minute remaining in the game he made a sparkling toe save on a screened-shot from the point.

The Barons now meet Wetaskiwin Kings in further league action 7:30 p.m. Friday at the St. Albert Arena.

Balers maintain winning streak

St. Albert Peewee "BB" New Holland Balers played their second game against Fort Saskatchewan on Saturday defeating them for a second time with a score of 9-4.

St. Albert was hot in the first period with Odinga opening up the scoring after 10 minutes. Sander, Gray and Myck followed, making it 4-0 after the first period. Assists went to McKeage, Kelly and Gray, and Sander's goal was unassisted.

Fort Saskatchewan picked up in the second period and scored after two minutes of play, then again at four minutes.

St. Albert pulled up their socks and Odinga and Myck got their second goals. Kelly added another with assists going to Poulin, Gray, McKeage and O'Neil.

Fort Saskatchewan started out the third period again scoring two more goals. Then Myck completed a hat trick and Kelly scored his second goal, with assists to Sander and Myck, ending the game with a 9-4 win.

Sunday the Balers won their second game against Sherwood Park by a 7-3 margin. With very little effort, St. Albert scored three quick goals by Gray, Kelly and Sander with assists going to Myck, Holliday and Hammett.

In the second period Kelly scored two more goals, giving him a hat trick, and O'Neil came up with an unassisted goal, ending the period 6-3.

In the final period, Sander scored the final goal, assisted by Laplante.

After many penalties the boys held the Park down with a fine team effort.

Mavericks continue to roll

The Healy Mavericks had a busy weekend in the Central Alberta Bantam League with two games on the road and one at home.

Friday night they took on the Brant Flyers in Fort Saskatchewan and skated away with a 10-2 victory. St. Albert's Terry Harkness, Breen Neeser and Peter Tworek each had two goals and two assists, other scorers were Bernie Joyal with two goals and Dave Kreway and Tim Shipanoff with singletons.

Saturday night in Leduc the Mavericks blasted goalie Spencer with 53 shots yet were only leading 3-2 until Tworek put the game on ice at 17.50 of the third period with a tip-in from the point. St. Albert also got goals from Brad Scott, Chris Stewart and Danny Neveu.

Sunday in the more friendly confines of the home arena, St. Albert jumped to a 3-0 first period lead against the Ardrossan Braves, and behind the flawless goaltending of Todd Murray had extended their lead to 7-0 by the end of 60 minutes.

Mike Taschereau who was playing his first game after coming off an injury, led the team with two goals and two assists while Lorne Christensen also scored two, with singles going to Neeser, Joyal and Stewart.

This week St. Albert plays in Ardrossan on Thursday night, then meet the Bulldogs in Camrose Saturday night and return home to battle with Leduc on Sunday morning at 10:30.

BEHIND THE WHEEL

DRIVE TO SAVE FUEL

"With gasoline costs at record levels, fuel economy has become a necessity for American motorists," says Stirling Moss, the world's foremost race driver. "But we can all cut back on the amount of fuel we use by knowing a few basic driving and maintenance tips."

Cut down unnecessary mileage. Have a gasoline budget and a shopping list so you avoid unnecessary trips.

Watch your step on the gas pedal. Keep a steady pedal pressure with speed increasing or decreasing with the terrain.

Maintenance helps. Clean out filters every 15,000 miles. Replace spark plugs every 12,000 miles. This can add as much as one mile for every gallon of gas.

Check your tires. Tires should always be inflated to manufacturer's recommendations. Underinflated tires can seriously reduce fuel mileage on any car.

You can also make a significant contribution to energy conservation by recycling worn tires with 2/32 of an inch of tread left. Last year enough casings were discarded to encircle the earth four times at the equator. And each took about seven gallons of crude oil to produce.

Recent statistics show that it takes four and a half gallons less to retread a tire than to manufacture a new one. By these figures, retread shops conserved millions of gallons of crude oil last year. This is a great way for motorists to make a direct contribution to fuel conservation while getting their bald tires off the road.

MONTESSORI REGISTRATION

A "Montessori" School pre-registration meeting for 3½ to 6 year olds will be held at the **Kinsmen Clubhouse, on LaRose Drive on DECEMBER 6, 8:00 P.M.**

★ ★ ST. ALBERT RECREATION REPORT ★ ★

PUBLIC SKATING WILL BE CANCELLED on Saturday, November 19 due to the Knights of Columbus Tournament.

NORDIC SKI CLUB

If the enthusiasm generated at the opening meeting of the club on Monday, November 10 is any indication, the coming cross-country skiing season in St. Albert promises to be tremendously exciting. Registrations are still being accepted and full information can be obtained from Gus at 459-5484. To install some friendly competition within the club, the club is structured into three regional groups, each with its co-ordinator. The co-ordinators are Doreen Patterson, 60 Goodridge Drive, 459-8578 ('GRANDIN covering the Grandin District); Dominique Willet, 40 Beacon Cres. 458-2587 ('FABS' covering Forest Lawn, Akinsdale, Braeside or Sturgeon Districts); Nick Chernuka, 40 Morgan Cres., 458-1875 ('BISHOPS' covering Lacombe Park and Mission Districts). Members who are not residents of St. Albert may affiliate with anyone of the three groups.

Remember now is a great time to get into condition. Walking and jogging will improve your stamina and reduce the risk of muscle strain thus enhancing your enjoyment of cross-country skiing.

CREATIVE DRAMA PERFORMANCE

Students involved in the Creative Drama class are inviting the public to attend an evening of improvisations and skits of their own composition on November 30 at Paul Kane Theatre Arts Room at 7:30 p.m. A silver collection will be taken at the door.

COMMUNITY CHOIR

If you enjoy singing for the pure joy of it, St. Albert now has a community choir. They will be meeting every Wednesday evening at Albert Lacombe Music Room from 7:30 - 10 p.m. It should be mentioned that men are welcome. If you have any questions contact Mr. Henderson, director, at 459-4561.

GYMNASTICS CLUB

The St. Albert Gymnastics Club is holding a general meeting to re-organize in the Grandin Clubhouse (beside the pool) on Wednesday, November 26 (this evening) at 7:30 p.m. All interested persons are invited to attend.

BADMINTON

The Sturgeon Valley Badminton Association will be holding a novelity tournament for members on Saturday, December 6, 1:30 p.m. - 4:30 p.m. Names for partners will be drawn from a hat on the day of the tournament. Further details are available from members of the executive. A reminder that due to Christmas activities and holidays the schools will not be available for badminton from December 15 through January 5, 1976.

Comets meet Eagles on Sunday

St. Albert Comets will put a five game winning streak on the line Sunday evening when they take on Stony Plain Eagles in an Edmonton Central Hockey League game The game will be in St. Albert Arena, 7:30 p.m.

This will be the first meeting of the season between the two clubs, as an earlier scheduled game was postponed due to the Comets exhibition trip to Dawson Creek.

Comets will have a little score to settle as the Eagles upset them in provincial playoffs last season.

After losses to Sherwood Park Barons in their first two games, Comets have played some excellent hockey and are now on a five-game winning streak.

The latest two victims were the Edmonton Bruins by a 8-2 score and Westlock Eagles falling 7-3.

Comets will be in Fort Saskatchewan for a game against the Huskies Tuesday, December 2.

Balance of home schedule is as follows:

HOME GAMES

Dec. 5 - 7:30 p.m. CFB
Dec. 7 - 7:30 p.m. Fort Saskatchewan
Dec. 16 - 7:30 p.m. Edmonton Bruins
Jan. 11 - 7:30 p.m. Westlock
Jan. 20 - 7:30 p.m. Sherwood Park.
Jan. 25 - 7:30 p.m. Barrhead
Feb. 1 - 7:30 p.m. Stony Plain
Feb. 6 - 7:30 p.m. Fort Saskatchewan
Feb. 17 - 7:30 p.m. Winterburn.

Bruins drop pair in Junior play

St. Albert Bruins after two impressive wins over Enoch Tomahawks and Leduc Riggers lost their last two games and now have a record of two wins and six losses in Capital Junior Hockey League action.

Last Tuesday Bruins fell 5-3 to Westlock and on Friday Sherwood Park Knights went home with a 4-2 win.

In both games, especially against Westlock, Bruins controlled the play but just couldn't put the puck home. Bruins outshot Westlock two to one and missed some excellent scoring chances. Jim McComb, Jim Worobeck and Rick Gaudy scored for the Bruins.

Bruins next two games will be on the road starting Friday night in Sherwood Park and on Sunday in Fort Saskatchewan.

Leduc Riggers will be in St. Albert next Tuesday, December 2 at 7:30 p.m.

Warlords score two wins

St. Albert Warlords came up with two big wins last week in St. Albert Commercial League action.

On Monday Pete Boonstra came up with a hat trick to pace the Warlords to a 5-2 win over O'Leary. Other Warlord scoring came from Dirk Klavek and Wayne Rissling. Don Turlock scored both O'Leary goals.

Friday night saw Rissling score three to lead the Warlords to a 9-5 win over St. Albert Service. "Stormin" Norm Tate and Bob Thorpe added a pair each with Ed Rusnak and Terry Moore picking up the others.

Winners of "A" event during last Sunday's Ladies Cash Bonspiel are: Marie Schultheiss, left, Elaine Souness, Irene Fielder and Marilyn Johnston. The skip is accepting a $550 cheque from Nancy Whalen, president. The defeated Pat Ewasko rink was given $350. Hady Manley's rink won the consolation event defeating Mary McKeever's rink for $150. Runners-up rinks were Joyce Christianson's rink and Dorothy Goulet's. Including four qualifiers, the total sum competed for at the bonspiel was the largest yet - $1,570.

Report From Bon Accord

By Sadie Allen

Get well wishes are extended to Mrs. Bob Spangler in Sturgeon General.

Congratulations to Dan and Anita Adams on the birth of their son, Christopher Michael, 7 lbs. at Sturgeon General on November 21 and to Keith and Delia Yuen-Jung on the birth of their son on November 21, 6 lbs. 1 oz. at the Royal Alex.

A variety of craft classes are on tap, needing only 10 interested people per class. People interested in any crafts are asked to call Pauline, 921-3625, June 921-3589 or Doris, 921-3686. Some interest has been shown in sewing leather garments. If you are interested, please call one of the above mentioned.

The Cub and Scout raffle-a-month showed a profit of $56.13 with the Coleman Heater being won by Gordon Fleming. Another raffle is underway, this time for a Coleman Stove to be drawn for on December 15. Tickets are available from any cub, scout or leader. The second Scout camp-out is coming up this weekend, November 28, 29 and 30.

#524 Cadet Squad held a very successful camp at Camp Wright on November 15 and 16. Rifle practice is held every Sunday morning at 10 in the Bon Accord Community Centre basement More cadets are urged to attend with both boys and girls eligible. A sales blitz on the Hawaiian Trip raffle will be coming up soon. Please give the cadets your generous support. The squad receives a percentage of all sales, the money being used for extra-curricular tours not financed through DND. New cadets are welcomed and anyone joining before January 31 will still receive credit for the full year. Cadets, boy or girl, must be 13 to join. Parades are held on Tuesdays at 7:30 p.m., in the Bon Accord Community Centre.

Reminder of the Brownie and Guide toy sale on December 1st from 6:30 - 8 p.m. in the Bon Accord Community Centre -- customers, children only.

The Golden Gem senior citizen bake sale is slated for December 3 and will feature Christmas goodies along with a variety of other mouth-watering fare. Time - 3 to 5 p.m., in the Bon Accord Community Centre. Proceeds will help to establish a recreation and drop-in centre. Senior citizens from Bon Accord and area are reminded of the Christmas party being held on Sunday, Dec. 7 from 2 to 5 p.m., in the Bon Accord Community Centre. Please come.

Attention kindergarten parents will meet in the Bon Accord school library on Monday, Dec. 1 at 7:30 p.m. To be discussed -- child activity programs and schedules for mothers and fathers, field trips and the Christmas concert. Providing she is able to obtain the film, Mrs. Pat Doerkson will be showing a film on toys and activities for the pre-school child. This should be of interest to all parents of pre-school children and a cordial invitation is extended to them to attend from 8 - 9 with kindergarten parents being on hand for the meeting at 7:30. For confirmation of the program, pre-school parents can call 921-3813.

The 4H Beef Club held their weigh-in at Hugh Rigney's farm on November 13 with 24 members weighing in. A sincere thank you is extended to Hugh by club members of the use of his facilities. Marsha Rigney and Mark Ozipko will be attending the 4H Communications Festival at Camp Maskepetoon on Pigeon Lake on November 28 - 30.

A most humble apology is extended to all bingo fans by the Lions Club for the bingo NOT held on Grey Cup Day. Bingo will go again at the regular time on Sunday, November 30.

Bon Accord Wildcats dropped a 3-0 game to Namao on Friday, Nov. 21. Games coming up find Bon Accord vs Gibbons at Gibbons on Nov. 28 at 8 p.m., and Bon Accord at Morinville on Sunday, Nov. 30 at 2 p.m.

Welcome back is extended to Mrs. Walter Strawson, visiting in the district with sons Art and Irwin. Art and Alice have just returned from a holiday at the coast.

Gibbons couple mark 50th Anniversary

Mr. and Mrs. Steve Lamoureux of Gibbons celebrated their 50th wedding anniversary on November 18, 1975.

Both Mr. and Mrs. Lamoureux were born in Edmonton but have been long time and active residents of the Gibbons community. They were married in the Franciscan Church of St. Francis and farmed in the Gibbons area until retirement in 1958.

Earlier, family and friends honoured the couple at a gathering in Gibbons. They were driven to Sacred Heart Church in a 1927 antique car where they participated in a special Eucharistic service. They renewed their marriage vows and received a special papal blessing for this occasion.

Later that day, relatives and friends gathered in the community hall to visit with the couple and to wish them many more years of happiness. Lunch was served. Among the many congratulations received were those from Prime Minister Trudeau and Premier Lougheed.

A dinner followed for members of the immediate family, including their children, Phillip of Edmonton, Denise (Mrs. James Hogg) of Lachine, Quebec. Aimee (Mrs. Melvin Kuefler) of Edmonton and Clement of Gibbons, their spouses and all 20 of their grandchildren. Another daughter, Marguerite, died in infancy.

On Sunday, November 16, the children, their spouses and grandchildren met in Edmonton to mark the festivity at a special luncheon and coffee.

Mr. and Mrs. Lamoureux continue to make their home in Gibbons.

MR. & MRS. STEVE LAMOUREUX

GIBBONS NEWS

By Karen Hogg

Mr. Reg Austin wishes to thank those electors who supported him in the recent byelection in the village, also to those who worked on his behalf. The one regret as he sees it, is that so few turned out to vote. A larger turnout would have been more of an expression of preference for either of the candidates. Mr. Austin also expressed his thanks to Karen Hogg and the Gazette.

There were several Grey Cup Pools around Gibbons, and for some the day was a profitable one, while for us Eskimo fans it was a very happy day! The winners of the Lions Grey Cup Pool were first quarter $50.00 to the Girl Guides, second quarter $50.00 Gibbons Play School, third quarter $50.00 Girl Guides and final score for $150.00 went to Ben Toane, Earl Toane's son.

The Lions would like to thank everyone for supporting their pool.

Gibbons Indians Grey Cup Pool was won by - first quarter $10. to Don Knott, second quarter $10., to Danny Derwin, third quarter $10 to Paul Foreman and the final score for $30 was won by Glen Brewer, Parkway Country. The Indians would also like to thank everyone for supporting their pool.

Gibbons Seniors Grey Cup Pool was not available so results will be posted in next week's Gazette.

Gibbons Seniors played an exhibition game in Lamont on Thursday, Nov. 20. The score was 7-3 for Lamont.

A reminder to everyone of the game on Friday, Nov. 28 at the Gibbons Arena at 8 p.m. Gibbons Seniors versus Bon Accord.

The Gibbons Indians lost to Namao 6-5 on Sunday, Nov. 17 at the Gibbons Arena. On Wednesday, Nov. 20th, the Gibbons Indians won 6-2 over Parkway Country.

Sunday, November 23 the Gibbons Flyers and the Horse Hill Hornets tied four all.

A reminder to everyone that as of Thursday, November 27, there are 23 more shopping days until Christmas or just 30 days in total to go!!

Anyone interested the Red Cross is asked to contact Joan Brown at 923-2639. Mrs. Brown is interested in getting an annual Red Cross campaign arranged for the village.

WARNING

The Village of Legal Council would like to warn the parents of the children who are playing around or on the water reservoir. This is a very dangerous area for children and the reservoir is 25 feet deep. The co-operation of parents is requested to keep children away from the area. Also for reasons of safety, snowmobiles are not allowed on the reservoir premises and young people should be warned. The mayor and councillors are most anxious that no accident should occur in the area.

MORINVILLE MEMOS

By Marg Bentz

Morinville Cubs and Scouts are having a bottle drive, the evening of December 1st. The executive is looking for parents or other adults interested in joining the group committee. Call Mr. West at 939-4141.

A Christmas gift and craft sale will be held on Thursday, December 4, from 3 - 9 p.m., at the Centre. Anyone wishing to place articles for sale, please call 939-4625 after 5 p.m.

Tiny Tots are holding a meeting on Thursday, November 27 at the Rec Centre. Executive members are to meet at 7:30 p.m., and the parents are asked to come at 8 p.m.

The Morinville Lions Figure Skating Club will be having registration for the ARSA program from December 8 to 13. Testers for the program, already in progress, will be out on January 10th. New lessons should then begin on January 17th.

Curling registrations are still being accepted. Contact Colleen Brisson at 939-4525 or Ross Quinn at 939-4217 (shop) or 939-4091 (home).

GOLDEN WEDDING

Congratulations to Marie and Joe St. Laurent, who celebrated their 50th wedding anniversary on Saturday, November 22 at the Morinville Recreation Centre. Marie and Joe, formerly of Morinville, now reside in Fahler. Over 250 guests helped the couple celebrate the occasion; some coming from as far as B.C., Saskatchewan and the Yukon.

The annual general meeting of the Frontier Daze Association will be held tonight, Wednesday, November 26, at 8 p.m., in the International Building. This meeting is open to the public.

Any resident of Morinville interested in serving the community as a member of the Board of the Library should contact Mrs. Lindley, the chairman at 939-4158. A willingness to donate a little time, interest and enthusiasm are the only requirements.

Morinville Drum and Bugle Band would like to thank everyone for their support on Blitz Night. Anyone who was missed and who would like their name on the card can call 939-4263 before December 1st.

VOLLEYBALL

Vanier junior girls lost only one game enroute to a tournament win at Barrhead, on the weekend. Vanier whipped St. Mary's 15-2 in the opener, then shutout Edson 15-0. (Team captain Louise Carignan never left the serving corner for this game). Barrhead came close losing only 18-16. Vanier beat Allendale the first two games of the semi-finals to advance against Camilla in the finals where they lost the first game, but came back to win the next two. Congratulations girls.

Meanwhile the Vanier boys won all six games they played, to advance to the semi-finals, where they lost out.

Vanier Senior volleyball boys and girls beat Concordia College and Spruce Grove to advance to the zones next Saturday, November 29, at Georges P. Vanier School.

SENIORS DEFEAT VILLENEUVE

Morinville Seniors built up a three goal lead and then held on to salvage a 4-3 victory, Friday evening, November 21, at the Morinville Arena. John Balsillie and Wayne Miller each scored on reciprocating assists in the second period to put Morinville ahead 2-1. Team captain O'Neil Chevalier locked up the game in the third when he set up Dex Dersch, then scored one himself, while Randy Labelle drew the assist. Villeneuve never threatened until the final two minutes when they scored at 18:58 of the third and again at 19:08. The hometown boys then remembered they were in a hockey game and played like it, until the final buzzer. Next home games - Friday, November 28, 8:30 p.m., against Legal; Sunday, November 30, 2 p.m., against Bon Accord; and Tuesday, December 2nd at 8 p.m., against Calahoo.

MINOR HOCKEY

Shavers "A" lost 5-0 to St. Albert on Saturday, November 22 at 12 noon. Shavers "B" also lost to Bon Accord (no scores reported). Mite "B" also had a bad day and lost 2-1 to St. Albert. No other games were reported. Coaches please phone 939-4145 or drop off game results at 9901 - 99 Avenue.

OLDTIMERS

Morinville Good-timers tied Namao 5-5, Sunday, November 23, at 8 p.m., playing under less than ideal conditions. The ice plant had malfunctioned, causing the ice to chip out, leaving large bare spots, which the players dodged adroitly and sometimes not so adroitly. Incidentally, it was erroneously reported that the Good-timers had lost 8-3 to Westlock last week, while in fact it was only a 4-3 loss and from all reports a very well played game. Next home game is Sunday, November 3 at 8 p.m., will feature "free admission."

Readers' co-operation in telephoning or bringing in news items is much appreciated and as early in the week as possible. Please phone 939-4145 or stop in at 9901 - 99 Avenue.

TEACHERS WANTED

Substitute teachers required for George P. Vanier School, Grades 7 to 12, Morinville. CONTACT - M. J. SCHAYES, PRINCIPAL - 939-4285.

Morinville Legion Ramblings

By John Bulger

On Dec. 21, it is hoped to hold our annual Christmas Carol outing commencing around 6:30 p.m. On Dec. 31, the Branch will hold its annual New Year's Eve Frolic with good music, refreshments, food and noise makers, prizes and lots of fun for all. Watch this column for more details on New Year's Eve Frolic. On Dec. 4, the monthly meeting will be held commencing at 7:45 p.m., at Legion Hall, as previously mentioned to members, nominations are now open for the 1976 executive and elections will be held at this meeting, it is requested that all members attend this important meeting.

Memberships for 1976 can now be renewed by contacting Ron Lambert at 939-4109 in order to qualify for "Early Bird Membership" prior to Dec. 31, 1975. Should anyone require information regarding memberships, please contact our membership chairman at above number or any Legion member. For membership in the Ladies Auxiliary, contact Mrs. Audrey Borle.

Renovations are progressing a little slower than expected, however, they are progressing, and so members, if you have some spare time, we could sure use some of it towards our endeavour in making our Legion Hall a more presentable place to meet, so come out some evening, and, I am sure, you can help the Branch in your own way. We need your support and help in completing these renovations prior to December 31, 1975.

My apologies if I omitted any names of persons, clubs or organizations, who participated in November 11th Remembrance Day services.

Until the next time, hope to see you at one of the Branch's functions, and members, don't forget the important monthly meeting on December 4, 1975.

Namao News

By Norma Crozier

Namao started their season in the Sturgeon Valley Senior Hockey League with a 10-1 win over old rivals, the Calahoo team on November 14th, behind the goaltending of Larry Marron.

A week later they blanked Bon Accord 3-0, with goalie Daryl McBurney earning the shutout.

Upcoming games will have Namao meet Legal on Tuesday, November 30 at 2 p.m., and Gibbons on December 5 at 8 p.m. All games are at the Gibbons Arena.

Take the lumps out of farm income

Money received in lumps is great, but with them comes the heavy burden of income tax.

A Sun Life Income-Averaging Annuity has been designed to reduce that burden. It enables you to defer taxes on certain lump sum income receipts by spreading them forward. This will generally result in tax saving and higher disposable income.

Many types of income are eligible, for example: income from the sale of inventory or accounts receivable when you sell all or part of your farming operation; or capital gains.

In cases like these, Income-Averaging Annuities can save tax, earn interest and guarantee future income.

Give me a call and I'll fill you in on all the details.

"How good is your homeowners policy?"

"I represent Safeco because it protects you against things you don't often think about -- until they happen. Things like damage resulting from sewer backup, electrical damage to appliances, smoke damage, and even damage to the property of others when you feel a moral obligation rather than a legal one.

"Safeco offers the best homeowners policy in town. I'd like to explain all the details."

Report from Parliament Hill

By Stan Schellenberger, MP

In an earlier report I began a discussion of the amendments to the Criminal Code, in particular those pertinent to drinking and driving offences and jury verdicts. I will attempt here to deal with the sections of the new bill that affect rape and related sexual offences and bail.

The existing law regarding rape and related sexual offences requires that the trial judge warn the jury of the danger of convicting the accused if the complainant's (i.e. - the female who has been raped or sexually assaulted) testimony is not corroborated. Under the new amendments, the direction is abolished for offences such as rape, attempted rape, intercourse with a girl under the age of 14 and indecent assault. This deletion of the warning does not mean that a more lax standard of proof is to be applied. It simply means that the same standard of proof, that is, proof beyond a reasonable doubt, is to be applied for all criminal offences. Such a provision seems reasonable because there has never been any reasonable justification for special proof requirements.

Often when an individual is charged with rape or a related offence, the victim is cross-examined to the point of harassment on her past conduct or general character. This type of questioning has often given the appearance that the victim rather than the accused is on trial. In no other criminal proceeding is the victim's character or past an issue and such cross-examination is not permitted. Under the new amendments, evidence of the victim's sexual conduct with a person, other than the accused, will be permitted only if reasonable notice in writing is given to the prosecutor. The judge will then decide, in the absence of the jury, whether such evidence is necessary for a just determination of the case. Only if the evidence is of particular relevance may the judge permit cross-examination.

As it now stands, a section of the Criminal Code provides that at the trial of the accused, the judge may exclude the public if in his opinion it is in the interest of public morals or the proper administration of justice to do so. Amendments to this section arise from the fact that the victim in a rape case often becomes a public spectacle in an open court and exposure inhibits the testimony of the complainant. The amendment, therefore, provides that where the accused is charged with rape, attempted rape, indecent assault, etc. the judge must consider excluding the public, when an application is made by the accused or prosecution. If the order is denied, reasons must now be given. An additional amendment extends the protection to any proceedings rather than restricting it to the trial. The order may be made for all or part of the proceedings. An additional measure to curtail public exposure provides that the judge shall make an order prohibiting publication of the identity of the victim when an application is made by the prosecution.

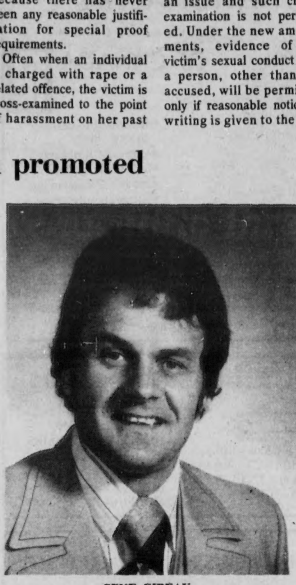
As the Criminal Code now reads, a judge can order a change of place of trial where it "appears expedient to the ends of justice." When the victim in a rape trial is from a relatively small area, problems are encountered.

Therefore, an amendment requires that when an accused is charged with rape or a related sexual offence, the judge must consider a change of location of the place of trial and should he decide that the change is not warranted, he must give his reasons in writing.

Gene Gibeau promoted

Gene P. Gibeau has been appointed advanced sales correspondent with Sun Life Assurance Company of Canada. Mr. Gibeau began his career with Sun Life in April 1966. The title advanced sales correspondent is awarded to a representative of proven competence, qualified to give sound advice and for quality of service to his clients. Through his achievements Mr. Gibeau has qualified for the National Quality Award and is a member of the Million Dollar Round Table, two of the highest distinctions awarded to a life underwriter.

Sun Life is pleased to inform the many policyholders in the Morinville district and surrounding area that Mr. Gibeau will be their service representative and will be holding office for business in the town of Morinville on Tuesday of each week.



GENE GIBEAU

Cardiff Column

A Community Club was formed in Cardiff on November 21st and as an opening project the Club will be having three tables of sale items at the Ladies Take-a-Break sale in Morinville Centre on December 4. Sale items will include baking, miscellaneous crafts and jewellery.

Mrs. Carrie Rockwell was elected president of the new club and Mrs. Peggy Keith as secretary-treasurer.
